DECLARATION OF CONFORMITY

DATE: 03/11/2010
REV.: 1

Product: VOLUMETRIC PUMPS FPP SERIES

Fluid-o-Tech S.r.l. declares under its own responsibility that all the volumetric pumps series FPP manufactured comply with the safety requirements for the use they are designed for, provided that the normal operating conditions indicated in the instruction sheet attached to the product.

The product complies with the following Directives:

- *Directive 94/9/EC of the European Parliament and of the Council, of 23rd March 1994, related to equipments and protection devices intended to be used in potentially explosive environments - ATEX.*

Fluid-o-Tech S.r.l. has referred to the harmonized regulations applicable to the product which the same Directives refer to.

It is necessary to clarify that for the Directive 94/9/CE relevant to the potentially explosive environments, the product complies with such Directive for applications in environments with characteristics EEx II 3 G2 D22, provided that the normal operating conditions indicated in the instruction sheet are respected.

It is understood that the motor to which the pump is coupled needs to be complying with the same requirements.
